LOCAL BRIEFS.

—See tax returns for 1899.
—See letter of administration.
—A fine line of Christmas goods at McMillan & Co. Read their ad.
—Persons liable to road duty should read the County Supervisor's notice in another column.
—Read the administrator's sale and administrator's notice of John M. Turner elsewhere.
—Mr. A. F. Milling makes an attractive advertisement this morning. Try "The Alliance-Factory Store."
—Rev. J. P. Isenbower preached in the Baptist Church on Sunday, in the absence of the pastor, Rev. Jabez Ferris.
—Mr. J. E. McDonald was made District Deputy Grand Master by the Grand Lodge at its recent session in Charleston.
—Rev. J. D. Crotch is confined to his house by sickness. Gowing to his indisposition there was no service in the Methodist Church Sunday.
—We are requested to announce that there will be a Christmas tree at the residence of Mr. W. C. Blair at Ridgeway on Friday night. There will be oranges for sale there that night.
—The Christmas entertainment to be given to the children of the Presbyterian Sunday School by the ladies of that church will be given on Thursday after Christmas, and not on Tuesday as was stated in a recent issue.
—Mrs. Harriet Ruff, mother of Messrs. W. Herbert and Walter Ruff, of Ridgeway, died on Sunday in Sumter, where she was on a visit. The remains were brought to Ridgeway and the funeral took place on Monday.
—From Factory to your Home. The only great piano sold this way in the Carolinas. Steiff Pianos "Sing their own praise." Baltimore Factory warerooms. 215 North Tryon Street, Charlotte, N. C. C. H. Wilmouth, Mgr.
—On Wednesday evening, about 6 o'clock, an alarm of fire was sounded, and it was found that a small house, near the yard, belonging to Mr. J. J. Neil, was on fire. The house was unoccupied and was soon consumed.
—There was no service in the Presbyterian Church on Sunday, as the new furnace just bought for the church is being put up, and as the work is not finished there was no way of heating the church and it was impossible to have service.
—Dr. E. C. Jeter has decided to settle in Winnsboro to practice medicine and has rented an office and will board in the family of Dr. W. E. Aiken. Dr. Jeter has been practicing in Jenkinsville for some time and is well known in the country.
—The Winthrop College girls are to have only one day of holiday. They would have been allowed a longer holiday, but the girls put it to a vote and all were in favor of having a single day only. They will take holiday on Monday, December 25th.
—The ladies of the Episcopal Church will give an entertainment for the children of the congregation on Tuesday, December 27th. This, like the entertainment given by the Presbyterian ladies, is free and is given to the children to help to make their Christmas bright and happy.
—In leveling the ground where the new passenger depot is to be built the workmen have struck a great deal of solid rock, and it has been necessary to blast in order to remove it. The work of leveling the ground is almost finished and the building will soon be begun.
—Mr. R. M. Bratton and Miss Virginia Bratton were married at Brattonville on Thursday. The bride and groom have gone to Columbia to visit relatives and on their way from Columbia will stop in Winnsboro and visit Dr. and Mrs. R. B. Hanshan for a few days.
—An approaching marriage, which will be of interest to many, is to take place in Florence very soon. The groom-elect is Mr. Thomas Madden and the young lady whom he is to marry is Miss Brunson, of Florence. Mr. Madden is a native of Winnsboro, and has been in business in Florence for some time.
—A game of football was played at Blackstock on Friday between the Blackstock "Rough Riders" and the Chester Sluggers. The game was won by the Blackstock team and the score was 11 to 6 in favor of Blackstock. It is reported that the Winnsboro football team and the Blackstock team will play a game before long.
—On Friday the state announced that Mr. T. E. Dewling, the pharmacist at McMillan's drug store, in that city, had on Thursday received a telegram saying that his mother had died very suddenly at her home in Swaused. Mr. Dewling was at one time pharmacist in T. F. Davis & Co.'s drug store here and his friends will regret to hear of the affliction which has come to him.
—Chrleston is making grand preparations for the entertainment of the veterans who will attend the reunion in the spring. The old city is noted for her hospitality and she will do all in her power to make the reunion a grand success. Many visitors are expected to attend the reunion and as Charleston looks her best and prettiest in the spring no doubt this will be one of the pleasantest reunions ever held.
—As the holiday season draws near the streets begin to appear a little more lively and the clerks are kept very busy. The noise of fire works has commenced already and the firing of crackers will become more and more frequent as Christmas draws near. This way of celebrating Christmas is confined entirely to the South, in the North and West the fourth of July is celebrated with fireworks and more are used as Christmas time.
—The trustees of Mr. Zion Institute have changed from their decision about the Christmas holidays. At first it was

decided to continue the exercises until the 23rd, and to have the holiday after Christmas. Since then, however, they have determined to close the school before the 23rd, and Friday was the last day of school for some little time. Two weeks will be allowed the pupils—next week and the week after Christmas—school reopening on the 2nd of January.
—On the 29th of December the South Carolina Superintendents Association will meet in Columbia, and all of the superintendents of schools in the State are invited to attend. It is hoped that holiday rates can be obtained over the different railroad lines and reduced rates of board. Interesting papers will be read and important subjects will be discussed, and on the evening of the 29th President Woodward of the South Carolina College will deliver a lecture.
—On Wednesday night a negro was arrested in Columbia by two officers on the charge of complicity in a burglary committed in Columbia during the latter part of November. The negro gave his name as John Jones and said that he was from Fairfield County. The negro confessed that he was concerned in the robbery and implicated others. After being heard by the magistrate he was confined in the Columbia jail to await trial. The negroes entered a pawn shop by cutting a hole in the show window.
—The Ladies Missionary Society of the Presbyterian Church gave a birthday party on Thursday evening for the purpose of raising money for the society. The invitations to the party issued several days previous to the entertainment were written in verse upon dainty pink paper and were very pretty and unique. Only the members of the society and the members of the young ladies Missionary Society were invited. The party was given at the home of Mrs. Preston Rion, who entertained the ladies delightfully, and a very pleasant evening was spent.
—The town was startled on Monday night by the sound of the fire bell which was rung at about half-past eight o'clock. The fire proved to be in the gin house on the Elliott place. A negro woman passing the gin house discovered the fire and gave the alarm and the people on the place extinguished the flames before the fire had made much progress. The fire caught in a room where some unguined cotton was piled, and it is supposed that some one dropped a match in the loose cotton. The fire department had the engine out and were well on the way to the fire when they were told that it was out.
—The Methodist conference which met on last Friday in Greenwood was adjourned, and the next meeting of conference will be held in Orangeburg. On Monday the appointments for 1899 were made. The following ministers were assigned to churches in Fairfield: Winnsboro, Rev. J. D. Crotch; Ridgeway, Rev. A. R. Phillips; Blackstock, Rev. P. B. Ingraham; Fairfield Circuit, Rev. M. L. Banks, Jr. The members of the Methodist Church in town are very much pleased that Rev. Mr. Crotch will return to Winnsboro. Mr. Crotch has been in charge of the church here for a year, and his many friends are glad that he was not sent by the conference to another charge.
—Recently, military companies have been organized in several places where there have been no such companies for several years. The people have realized the necessity of having such companies and within the last few months in Yorkville and other towns companies of militia have been formed. It is hoped that early in the new year the Gordon Light Infantry will be re-organized and that those who are anxious to revive this company will carry out their wishes. The entire town would be glad to see the Gordons re-organized, for the old company was one of which the people had every reason to feel proud and there is plenty of good material here to form another fine company. We hope that Capt. Jordan will in 1899 bring the Gordon Light Infantry to life again.

NO PAPER.

There will be no paper issued from this office on Wednesday next.

For Over Fifty Years.

MRS. WINSLOW'S SOOTHING SYRUP has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, relieves pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

IS IT LAWFUL?

Mr. Editor: During this summer some parties entered Mt. Moriah Baptist Church and stole property that belonged to members of that church. The clerk of the church went to a magistrate and took out a warrant to search for goods but none were found. Is it lawful for the members of the church to pay the magistrate or his constable in a case of that kind for the search? Please answer the above in your paper and oblige.

Yours truly,
Juo M. Gayden.

Entertaining Druggists.

There are few men more wide awake and enterprising than McMaster Co., who spare no pains to secure the best of everything in their line for their many customers. They now have the valuable agency for Dr. King's New Discovery for Consumption, Coughs and Colds. This is the wonderful remedy that is producing such a furor all over the country by its many starting cures. It absolutely cures Asthma, Bronchitis, Hoarseness and all affections of the Throat, Chest and Lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cents and \$1.00. Guaranteed to cure or price refunded.

AN ACCEPTABLE CHRISTMAS GIFT.

Gov. Ellerbe has presented the family of Mr. J. W. Powell with a most acceptable Christmas gift—the freedom of the husband and father. On December 25th Powell will be a free man, free to return to his home, free to enjoy the privileges of citizenship. He was sentenced to seven years imprisonment, and has already served two. His faithful work as farmer at the State farm, and the esteem in which he was formerly held caused a large number of Richmond county's most prominent citizens to sign the petition for his release, and Gov. Ellerbe recently decided to commute the sentence and Powell will be liberated on Christmas day—The State.

A CARD OF THANKS.

Mrs. J. L. Parker, of Ridgeway, whose husband has quite recovered from his critical illness, hereby extends to all the neighbors and friends who so kindly and untriflingly gave their services in watching at his bedside her most sincere and heartfelt thanks.

The burden that weighed her down during those long and anxious days and nights was lightened, and dark clouds were rifted by kind attentions and words of sympathy and cheer from the many who were ever ready to perform any office of neighborliness for the comfort of the poor sufferer and the preservation of the life that was threatened.

The now happy wife who was often sickened by visions of approaching widowhood and a family of dependent children feels herself unable to adequately express her thanks to her kind neighbors for all they did for her and hers in the time of her great sorrow, but she wishes in this way to assure them that their kindness is lovingly remembered by her.

Pains in the chest when a person has a cold indicate a tendency toward pneumonia. A piece of flannel dipped with Chamberlain's Pain Balm and bound on to the chest over the seat of pain will promptly relieve the pain and prevent the threatened attack of pneumonia. This same treatment will cure a lame back in a few hours. Sold by McMaster Co., druggists.

A PROBABLE HOMICIDE.

On Saturday evening two negroes, William Harris and Ellison Brown, became involved in a dispute over a game of cards. The negroes were on their way home after having been gambling, when the difficulty arose. When they got near the residence of Mr. D. V. Walker, in the southern part of town, the quarrel reached a climax and Harris drew his pistol and fired twice at Brown. One shot did not touch Brown, but the second struck him going through his body and perforating the liver. The wounded man ran across the road and upon reaching the tank fell. Harris, who was drunk, then started back up town in search of a physician but was too intoxicated to know where he was going and did not find a doctor. The wounded negro remained on the ground near the tank all night and was not discovered until Sunday morning. His condition is most critical and there is no hope of his recovery. In fact, it was not thought that he would live through Sunday. As soon as Brown was discovered a search was made for the man who shot him and in a short time he was arrested and lodged in jail where he will await trial. The shooting occurred between half-past seven and eight o'clock Saturday evening.

Mr. A. F. Ruff was in town Wednesday.

Constant Coughing

Constant coughing is not only very annoying but the continuous hacking and irritation will soon attack and injure the delicate lining of the throat and air passages. A simple cough is bad enough; but a chronic cough is really dangerous. Take advice and use the celebrated Dr. Bull's Cough Syrup at once and be cured.

Dr. Bull's Cough Syrup

Cures a Cough or Cold at once. Doses are small and pleasant to take. Doctors recommend it. Price 25 cts. At all druggists.

A Wife's Story
"We have four children, the first three of whom were born from 12 to 14 hours, and the influence of Chamberlain's Cough Syrup on the fourth child came, which is a strong, fat and healthy boy, doing my household work to within two hours of birth, and suffered but a few hard pains. This is the finest remedy ever made."

Mother's Friend

will do for every woman who did for the Minnesota mother who writes the above letter. Not to use it during pregnancy is a mistake to be paid for in pain and suffering. Mother's Friend cures the patient with a strong body and clear intellect, which in turn are imparted to the child. It relaxes the muscles and allows them to expand. It relieves morning sickness and nervousness. It puts all the organs concerned in perfect condition for the final hour, so that the actual labor is short and practically painless. Danger of rising or hard breaths is altogether avoided, and recovery is merely a matter of a few days. Druggists sell Mother's Friend for 25 cts. a bottle. The Bradford-Regulator Co., Atlanta, Ga. Send for our free illustrated book.

JENKINSVILLE JOTTINGS.

The pupils of Shiloh Academy will give an entertainment on Friday evening, the 23rd inst. Christmas songs, recitations and speeches will constitute the program.

Miss Madie Chappell, the teacher here at Shiloh, taught her pupils a beautiful practical lesson in thankfulness and charity on Thanksgiving Day by taking them to the home of a lonely, destitute woman, carrying a thank offering with which to gladden her heart.

Rev. E. A. McDowell attended the Baptist Convention at Darlington.

Rev. M. L. Banks, Jr., has been assigned to the Fairfield Circuit, which includes Shiloh and Monticello Methodist churches.

No efforts are now being made to unearth the remains of Walter Harris, who was buried alive in the well of Mr. David Glenn, as the work is considered dangerous.

A number of visitors are expected from this community during the coming holidays.

Merry Xmas and happy New Year to you. Y.

BUCKLE UP, BUCKLE UP.

As the news has been killed by the cold at this place, I will ask a space in your paper to give a few dots. The farm of this place are planting wheat and oats in large quantities notwithstanding the value of seed. As some one stated in your last issue, while the seed may have bought the flour, that would not be the flour made at home, and the seed would have been taken off the land. Besides, when grain is cut you can sow the seed and pay for the seed and still have the land improved. The farmer that sells his seed, if a renfer, does not care for the man who owns the land and the land will not be worth the taxes in a few years. If he owns the land, he is a poor man, and owns poor land. Now do not listen to the man who sells his seed to buy his bread, he and his land are both at starvation's door.

The neighbors at this place are in good health and in good condition, notwithstanding the hard times. Mr. B. F. Cassels has killed 26 hogs for another year. Mr. J. W. Gibson has also killed a good many.

Miss Fannie Holford, of Timmons-ville, is visiting here.

Mr. John Baker had a fine mule colt drowned in Wateree River on last Sunday night.

We will lose one of our widowers in a few days.

Two Pointed Questions Answered.

What is the use of making a better article than your competitor if you can not get a better price for it?

Ans.—As there is no difference in the price the public will buy only the very best, so that while our profits may be smaller on a single sale they will be much greater in the aggregate.

How can you get the public to know your make is the best?

If both articles are brought prominently before the public both are certain to be tried and the public will give you your just judgment on them and use only the better one.

This explains the large sale on Chamberlain's Cough Remedy. The people have been using it for years and have found that it can always be depended upon. They may occasionally take up with some fashionable novelty put forth with exaggerated claims, but are certain to return to the one remedy that they know to be reliable, and for coughs, colds and croup there is nothing equal to Chamberlain's Cough Remedy. For sale by McMaster Co., druggists.

A. M. E. ZION CONFERENCE.

The Palmetto A. M. E. Zion Church Annual Conference, assembled now in Winnsboro, is presided over by Rt. Rev. I. C. Elinson, D. D., of Lancaster. The conference opened Wednesday at 12 o'clock. Rev. D. C. Baum was elected secretary, Rev. R. B. Williams statistician, Rev. H. W. Smith, of Union, reporter. There are nearly 100 ministers and delegates in attendance.

After roll call the Bishop read out his several committees, viz., on education, state of the country, finance, Star of Zion, holy orders, women's, home and foreign missions, and church extension.

The Bishop delivered a most interesting and learned address to the conference. Among the many striking truths he said: "Brethren of the Palmetto Conference, through a well directed train of Divine Providence we are led to meet again. You must lead new lives if you want to be successful; a pure ministry will be respected. If you live so as to have unfavorable rumors about you, it will dig a grave so deep that it will bury your salary and the general fund." Among other things the Bishop said: "We must honor our women, love virtue, protect them at all hazards; no people can go higher morally than their women. Presch it! I have accounts against some of you and I will not give an appointment to a man who will not pay his honest debts. You must settle with your creditors. When you visit don't stay too long at one house; you can visit every family of your charge in ten days. Go in, read and pray and leave. Live in communion with God; trust Him and obey His word and you will know no failure."

Bishop Clinton is a South Carolinian and a very able bishop. There are nine members of the board of bishops of this branch of methodism. It is the oldest colored organization in the United States; organized in New York in 1796; has 500,000 members, several colleges and high schools. This church has many men of national reputation, hold national and international offices.

Among the many prominent ministers of this conference present are: Rev. R. K. Kearns, Rev. S. T. Meeks, A. T. Stewart, J. M. Newton, J. R. Blake, A. McNeil, R. B. Williams, T. J. Benson, E. Hinton, Rev. S. P. Gibson, D. C. Baum, L. C. Chamblin and others. Also Mrs. Claphen

Smith, of the committee on a woman's home and foreign mission, and Rev. H. W. Smith, A. B., author, penman and theologian. He has written several works, among them "Sovereign Facts and Pearls of Information."

—Wednesday was the coldest day that we have yet. The weather bureau on Tuesday predicted that cold waves would reach us by Wednesday and it arrived on time. The mercury fell to sixteen degrees above zero and the cold was intense. It seems as if the weather prophets who predicted a very severe winter were right in their predictions, for the cold weather began unusually early and it has continued very cold for an unusually long time.
